vdi_rack ®
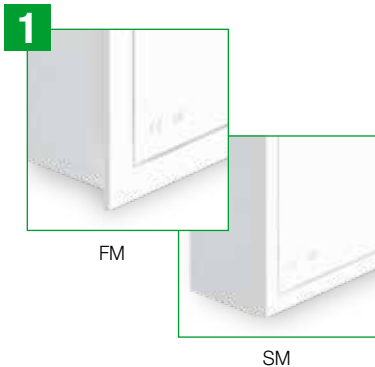

✔ **Rack type solutions**, designed to **centralize and distribute voice, data and image**, for **housing and commercial building** applications.

✔ Allows a **custom made solution**, by getting the **VDI_RACK® enclosure** and any of the **Coaxial, Copper Pair and Optical Fiber panels**.

✔ **Plastic enclosure** with **aluminum frame and door** and **metallic mounting plate**.

✔ **90mm, 125mm and 200mm** depths.

✔ Available for **Flush Mounted** (FM) and **Surface Mounted** (SM) applications.

✔ **IP42/ IK07**

## Easy and Effective

To easily identify the installation circuits, go to quiterios.com and download the labels file.

   Quitérios ®

1

FM

SM

Wide Range of Solutions

90mm, 125mm and 200mm depths.
Available for **Flush Mounted (FM)** and **Surface Mounted (SM)** applications.

2

Technological Flexibility

Wide range of **panels and accessories** for the different technologies:

- ✔ **Coaxial**
- ✔ **Copper Pair**
- ✔ **Optical Fiber**

3

High Resistance and Aesthetics

White lacquered **aluminum frame and door**.
Flat lock.

4

Functionality

Supplied with **earth busbar**, **chassis** to fix the panels (D125 and D200 enclosures) and **schuko socket**.

Easy to Assemble

Accessories that allow perfect **horizontal or vertical assembly between FM or SM enclosures**.
Assemble the **VDI_RACK®** with the **SAFETYMAX® Distribution Board** and get a perfect final solution.

Reinforcement Kit

Metallic Reinforcement Kit (code 0022024 - 0022082) for **Surface Mounted (SM)** enclosures with **125mm depth**; **375mm and 500mm height**, which ensures a degree of protection **IK09**.

vdi_rack® D125 + D200 panels

CODE	DESIGNATION	DIMENSION W x H
00098272	VDI_ RACK EMPTY PANEL F/ 14 FO 1U	321x45

Non-equipped panel to incorporate up to 14 Optical Fiber SC/APC duplex adapters (code 0023513).

00098274	VDI_ RACK EMPTY PANEL F/ 14 F TYPE PLUGS 1U	321x45

Non-equipped panel to incorporate up to 14 Coaxial F/F connectors (code 0023552).

00098276	VDI_ RACK EMPTY PANEL F/ 14 RJ45 CAT6 1U	321x45

Non-equipped panel to incorporate up to 14 Copper Pair RJ45 connectors (code 0023570).

00098278	VDI_ RACK EMPTY PANEL F/ 5RJ45 + 5F/F + 5FO 1U	321x45

Non-equipped panel to incorporate up to 5 RJ45 connectors (code 0023570), 5 F/F connectors (code 0023552) and 5 SC/APC duplex adapters (code 0023513).

00098280	VDI_ RACK BLANK PANEL 1U	321x45

00098282	VDI_ RACK CABLE ENTRY PANEL 1U	321x45

These panels are designed to be fixed on the chassis of the D125 and D200 VDI_RACK® enclosures.
Not suitable for the D90 enclosures.
