## Personalizarea

### Intrerupatoare si placi cu personalizare

Tehnologia laser folosita de VIMAR permite inscripționarea tastelor si placilor cu orice nume, logotip sau marca cu o precizie absoluta si foarte lizibile, chiar si pentru cantitati mici.

#### Indicații pentru personalizare

- sunt personalizabile toate comenzile, tastele și plăcile, cu modalitățile și pozițiile descrise aici;
- pentru Plana Silver sunt personalizabile numai tastele: **14021.G.SL**, **14022.G.SL** și **14023.G.SL**;
- nu pot fi personalizate următoarele plăci: **marrone micalizzato (23)**, **oro lucido (24)**, **oro opaco (25)**, **frassino (31)**, **abete (32)**, **makoré (33)**, **ottone anticato (76)**;
- pentru personalizarea placilor din lemn, preturile si cantitatile se negociaza cu rețeaua de distribuție.
- pentru butoane inscripționate, verificați mai intai daca simbolul dorit nu este deja inclus in tabelul de mai sus;
- personalizarea vizibilă pe intineric este posibilă numai pentru comenzile și tastele cu simboluri care sunt cuprinse deja în catalog sau pentru tastele interschimbabile cu zonă pentru personalizare (de ex. 14021.G, 14022.G și 14023.G).

#### Avantajele tehnologiei de inscripționare cu laser

- simbolurile inscripționate nu se deterioreaza in timp;
- reproducerea fidelă chiar și a liniilor foarte fine sau a imaginilor foarte complexe;

- onorarea comenzilor chiar si pentru cantitati mici;
- posibilitatea de a comanda aceleasi personalizari la momente diferite de timp cu rezultate identice.

#### Cateva limite ale tehnologiei

- nu este posibila reproducerea imaginilor colorate.

#### Ce trebuie sa ne furnizati

- o imagine alb-negru a simbolului dorit, cu linii de 2-3 ori mai mari decat dimensiunile reale;
- imaginea poate fi furnizata pe suport magnetic in format EPS, TIFF sau JPEG.

#### Ce trebuie evitat

- nu trimiteți fotocopii;
- nu trimiteți imaginile pe fax (acestea au o rezoluție scazuta si este imposibila reproducerea laser).

#### Cum trebuie procedat

- incercuți imaginea care trebuie reproducuta, fara a folosi agrafe, hartie adeziva
- trimiteți toata documentatia reprezentantului/distribuitorului, care o vor trimite la Vimar.

#### Timpul estimat pentru livrare

- 10 zile pentru mostra
- 10 zile de la confirmarea comenzii.
