

SURUBELNITE

Manere cu design ergonomic

La calitatea superioara a materialelor folosite pentru gama de surubelnite Unior se adauga manere de concepie ergonomica care permit o excelenta calitate a prizei.

Manere tri material

Multumita asocierii suprafetelor rigide cu cele mai moi, manerul special cu trei componente (brevetat Unior) permite o folosire eficace si confortabila care solicita putin incheietura in timpul lucrului

Priza antiderapanta

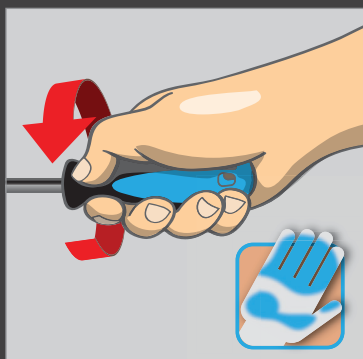

Concepute pentru a se adapta la o mare varietate de profile de suruburi si avand un maner din tricomponent, surubelnitele Unior asigura o mare eficacitate si o priza anti alunecare.

MANER ERGONOMIC

Combinatia de suprafete dure si moi imbunatateste factorul de incarcare si asigura insurubarea usoara. Manerul a fost conceput in asa fel incat are grija de sanatatea utilizatorului pentru ca reduce tensiunea in muschii mainii

Suprafata maxima de contact a mainii = valoare de cuplu superioara

Conceptia ergonomic a manerului = protejarea mainii

Caracteristicile surubelnitelor Unior

627TBI

**Surubelnita lata, varianta Stubby
maner trimaterial TBI, cromata**

- lama: otel crom vanadium molibden tratata integral
- lama cromata, varful brunat
- maner: forma ergonomica
- trimaterial
- gaura de agatare
- in concordanta cu standardul ISO 2380-1,2

615TBI

**Surubelnita profil Phillips (PH)
maner trimaterial TBI, cromata**

- lama: otel crom vanadium molibden tratata integral
- lama cromata, varful brunat
- maner: forma ergonomica
- trimaterial
- gaura de agatare
- in concordanta cu standardul ISO 8764-1,2
