

4G
Cam switches

## AN ORDER EXAMPLE

## NOTES:

1. every order on devices for rated current 100A requires arrangements with the manufacturer related to the technical details and delivery date.
2. devices in PK housings can be made only for those switching programs which require not more than four segments (protection class IP 55/IP 65)

EXPRES SERVICE 24 h or 48 h - There is the ability to perform cam switches in 24 or 48 h (additional fee)
