

LED FLOODLIGHTS

V-TAC's LED floodlights are ideal for lighting driveways, gardens, and buildings. These energy-efficient lights emit bright, vibrant light and make an eco-friendly alternative for traditional halogen floodlights and metal halide fixtures.

Key Features

- Available from 10w up to 100w
- Premium quality aluminum alloy body
- Fascia glass sealed with silicone rubber ensuring superior waterproof / airtight performance
- High power LED chip
- Built-in constant current driver
- Built-in power supply, no external ballast required

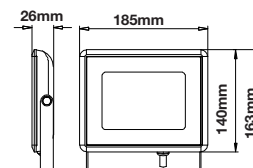

Application

Widely used for lighting driveways, gardens & buildings, commercial bill boards & hoardings, sports grounds & parking lots
