

Non-insulated sleeve connector with screw, tinned

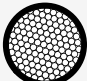

6mm², (d1=4,5mm, L=20,5mm)

 Material of connecting element: Tinned copper

- | | | | |
|------------------------------|------------------|-------------------------------------|------|
| • Material conductor: | Aluminium/copper | • Nominal current: | 32 A |
| • Surface protection: | Tinned | • Number of screws: | 2 |
| • With insulation: | No | • Degree of protection (IP): | IP00 |
| • Voltage level: | Other | | |

120
