Magnetic series

This is our most popular products. You don't need any tools to do the installation, very easy and convenient. It can apply to any occasions—both business and personal; you can even take out for outdoor events. It's a mind blowing invention in the LED signage industry: no need to go through lengthy customization to brighten up the business shops. It's a product of random combination, and the contents are changeable at will.

Signs of random combination

Our LED signs are not just limited to letters. You can also group a lot of symbols and special items into them to make the occasions more enjoyable. For example, you can add a Christmas tree figure into a group of promotion signs, to make the scene more pleasing to customers and increase their desire to buy.

Letters combine with a Christmas tree figure.
